

BETHANY'S DL ONLINE

My staff and I understand your educational concerns during this uncertain time of COVID-19.

Bethany School is your solution.

We have created a digestible extension of our on campus learning and created Bethany's DL Online.

Bethany's DL indulges in comprehensive virtual learning for every enrolled student accompanied with supplemental packets, physical education, Zoom class meetings, and more!

The Distance Learning Educator for the 2020-2021 school year is Mrs. Amber Francis. Bethany's DL program ensures each student will receive individualized instruction meeting all standards for his/her grade level.

Expectations of enrolled DL students;

- Awake each morning and prepare for school with an attitude to learn
- Zoom in on time prepared to meet with the DL Educator when scheduled
- Complete all assignments in the required scheduled time
- If a student begins to struggle, he/she must immediately contact the DL Educator during the appropriate office hours.

Expectations for Parents of enrolled DL students;

- Provide a quiet space within the home for your child to learn
- Ensure student is awake and ready to learn every morning
- 100% commitment and partnership with the DL Educator
- Supervise the student as needed and provide support
- Provide technology and supplies for the success of the student

Every parent and student enrolled in Bethany's DL will sign a Distance Learning Agreement. Signatures of both parent and student confirms your compliance and partnership with this program. You will receive this Agreement prior to school beginning.

Bethany's DL will bring a rewarding experience for all students enrolled. We are Bethany School. We are future focused and here to meet your child's educational needs.

Mrs. Tonia Hill, M.A.
Principal

Train up a child in the way he should go and when he is old he will not depart from it. – Proverbs 22:6
