

Bethany Elementary School provides a nurturing environment where students can learn and grow. Teachers use a variety of instructional strategies to make learning fun yet challenging and always interactive. Our philosophy of instruction is based on foundational, skills-based learning through a Christian world-view. Teachers hold students to high standards while providing the necessary support to ensure that all students can succeed. We offer our Opportunity Schools program for our K-5 students with learning differences, who may need additional academic support to succeed. For more
